## EXPERIENCE

**Freelance Web Developer** – October 2009 to Present (*Laguna, PH | Freelance | Self-employed*)

Web Developer | Webmaster | Wordpress Plugin Developer | Chrome Extension Developer | Tech Support | Customer Support | Internet Marketer | Search Engine Optimizer | Virtual Assistant | Entrepreneur | Video Editor

As a freelance professional, I specialized primarily in web development while concurrently providing services in internet marketing and business management. I also gained experience in e-commerce.

**Senior Software Engineer** – February 2008 to October 2009 (*Mandaluyong, PH | Accenture*)

Application Architect

Led a team of designers and coders, overseeing comprehensive analysis, design, coding, testing, and successful implementation of all team changes and requirements in production.

**Senior Software Engineer** – September 2007 to January 2008 (*Phoenix, USA | Accenture | American Express*)

**Software Engineer** – July 2007 to August 2007 (*Phoenix, USA | Accenture | American Express*)

Phoenix Onshore Contact | Phoenix Support Team

Served as the team liaison and specialist based in Phoenix, Arizona, acting as a versatile resource accountable for seamlessly continuing the work left by the offshore team during onshore hours.

**Software Engineer** – September 2006 to July 2007 (*Mandaluyong, PH | Accenture*)

**Junior Software Engineer** – April 2005 to August 2006 (*Makati, Philippines | Accenture*)

Requirement Contact | Requirement Owner | Production Readiness Test Coordinator | Migration Coordinator | Test Support Contact | Production Support Contact

Executed the coding, design, testing, and successful implementation of all team changes into production. Delivered technical support to local teams as well as teams across continents, including India and the USA.
